

Vehicle Rental Option

Free Vehicle Rental Option - with Cashback!

We are pleased to announce an alternative option for those who do not have their own 4x4, or who prefer not to use it. We can now offer to rent you a Nissan double-cab pick-up, identical to that used by John Brown and Arne Hertz for their recent 18,000 km route survey trip, in lieu of shipping your own vehicle from Europe or the USA.

John and Arne were delighted not only with the vehicle and its comprehensive equipment, but also with the very efficient and friendly service provided by KEA Camper Rentals. We will be renting more of these vehicles as our own support cars during the event.

The vehicles are 2004 Nissan Hardbody double-cabs with either a 3 litre turbodiesel or 3.3 litre V6 petrol engine - robust and designed for hard use on rugged terrain. Our diesel was not particularly fast or luxurious, but was reasonably comfortable and well equipped - aircon, electric windows, remote locking and radio/CD player are standard - and was able to maintain a good pace on difficult roads for hour after hour.

They are fitted with a strong bull bar and a steel rear canopy, into which are set on each side upward-opening metal hatches with rubber seals. The side-hinged rear door, also rubber sealed, is secured by a robust truck-type locking bar. The cargo box is therefore secure, and hidden from prying eyes.

Beneath the carpeted rear cargo compartment are fitted full-length lockable drawers on roller runners. An additional long range tank gives a total fuel capacity of 140 litres, enough (at least in the diesel we used) for around 1,000 km. Other equipment includes also a 50-litre water tank, two 20-litre jerricans in a lockable frame inside the rear compartment, two spare wheels, a roof-mounted high-lift jack, simple tool and first aid kits, and a 1.5kg dry powder fire extinguisher.

The deal includes six as-new tyres on delivery (ours were good Firestones - we had no punctures in spite of giving them a hammering at times), fully comprehensive insurance, free accident or breakdown repair or replacement anywhere on the route, airport transfers, etc. The vehicle will come with full tanks of diesel, which you must replace at the finish, or be charged for. You will also be charged for lost, used up or broken removable ancillary equipment, such as jack, fire extinguisher, spare wheel, etc.

We are making arrangements for Brantz or other ancillary trips to be fitted to these vehicles before the start, at extra cost - more details later. Our shippers also hope to be able to offer a low-cost service for sea-freighting bulky or heavy boxes of equipment and effects, saving you excess air baggage costs.

We will rent your car for you within the full entry fee, in lieu of shipping your vehicle - and in addition we will after the event give you a cashback of GBP 300.00! This rental runs from the day before the start (Wednesday 3 August) to the day after the finish (Thursday 1 September) - a total of 30 days.

Extra days are available for GBP 120.00 per day including fully comprehensive insurance. The days of collection and return both count as hire days. Alternatively KEA Campers will hire you a lower-cost ordinary car for extra days via their parent company Thrifty.

The cashback will be paid after the event, minus any charges deducted by KEA on return of the vehicle, such as topping up the fuel tank, replacing lost equipment or traffic fines, which we will pay on your behalf out of your GBP 300 - you will have to pay us for extras above that.

To sum up, you are freed of all preparation, repair and wear-and-tear hassles and costs, including tyres, not to mention the expense of getting your car to and from port of embarkation/return, road insurance, shipping insurance, and the costs of the carnet and associated indemnity insurance (a carnet not being needed for a South African registered vehicle).

These vehicles may be a little slower and less glamorous than your usual ride, and you won't get the satisfaction of taking your own car to such out of the way places - but if your budget is tight, can you afford to miss it?

To take advantage of this outstanding offer, just check out the detailed terms and conditions, complete the attached booking form, and return it to us before 31 May. KEA cannot guarantee availability for orders received after that date.

However, a security deposit of R 2,000.00 is payable at the time of pickup to ensure that the vehicle is returned to the agreed location, on the agreed date in clean condition and with no items lost or damaged. IMPORTANT:

The Client (not 4x4xplore) is fully liable for any damage to the KEA Campers vehicle or third party property if:

- ◆ The terms of the rental contract are breached.
- ◆ Damage to the vehicle is caused by careless, wilful or reckless driving.
- ◆ The vehicle is driven under the influence of alcohol or drugs.

Accidents and breakdowns

By law all accidents must be reported to KEA Campers and the Local Police within 24hrs. Failing to report accidents voids all insurance cover and the Hirer becomes fully liable for all costs.

- ◆ If the rental vehicle is involved in an accident or breakdown and is not driveable, KEA Campers will deliver or arrange for a replacement vehicle as quickly as possible.
- ◆ If the hirer is unable to take a replacement vehicle, no refunds for early termination of the contract will be considered.
- ◆ No refund of rental days lost will be considered for the period of any delay in the delivery of a replacement.
- ◆ Should the hirer continue with a replacement vehicle then a new rental contract and insurance conditions will apply.

KEA reserves the right to apply the above conditions as they deem fit.

Road Restrictions

Under this arrangement, KEA will allow their 4x4 vehicles to be driven on public bitumen / tar and gravel roads, as well as on public recognized 4x4 tracks, in South Africa, Lesotho, Swaziland, Namibia, Botswana, and Zambia.

Repairs of up to R 1,000.00 may be effected by local garages without authorisation, and the cost will be reimbursed by KEA Campers on production of a receipt. Amounts above R 1,000.00 require approval from KEA on-road assistance.

Change of Vehicle

If, for reasons beyond our control, the reserved vehicle is not available, KEA reserve the right to substitute a comparable or superior vehicle at no extra cost to the client. This shall not constitute a breach of contract and does not entitle the renter to any form of refund.
